Gambling law and Accreditation

Magnus Pedersen M.Sc.

Magnus Broman LL.M.

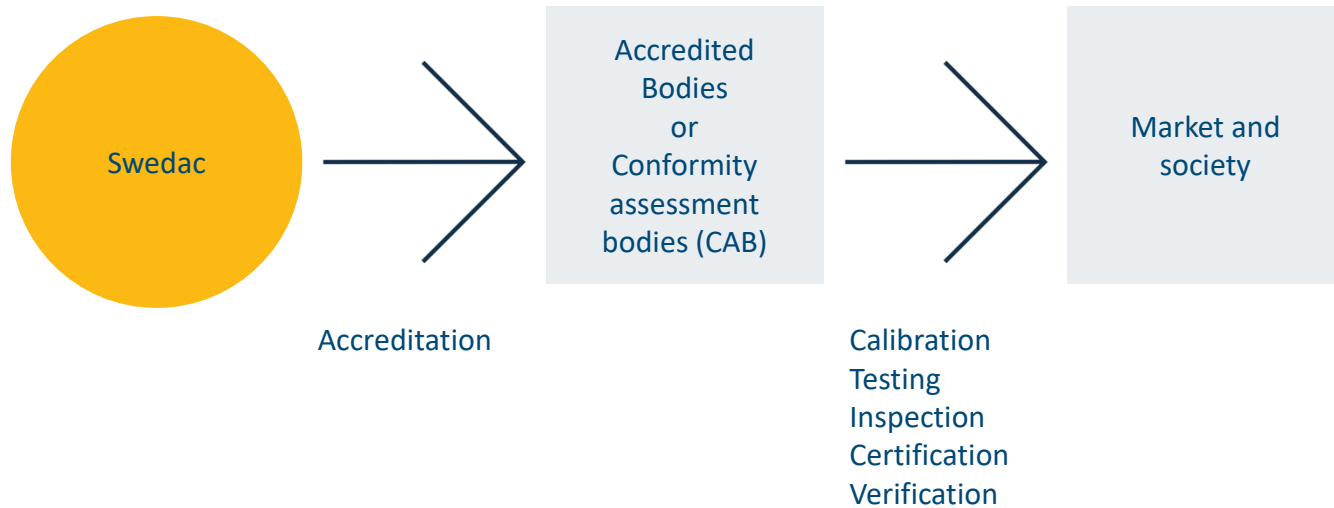

"Swedac's activities contribute to creating an open and global market and competitive industry, as well as safeguarding consumers and product users in a sustainable society."

Brief information on Swedac

- Minister responsible: Minister for EU Affairs and Trade, Ann Lindhe
- Department responsible: Ministry for Foreign Affairs
- Head office: Borås
- Number of employees: 120 employees, 185 external assessors
- Number of accredited bodies: 1600

An open system

- Accreditation is a tool for society to ensure impartiality and competence in the actors.
- Accredited bodies are free to act within the areas in which they have been accredited.
- Applied both nationally and internationally as well as in voluntary and mandatory areas.

Legal basis for accreditation

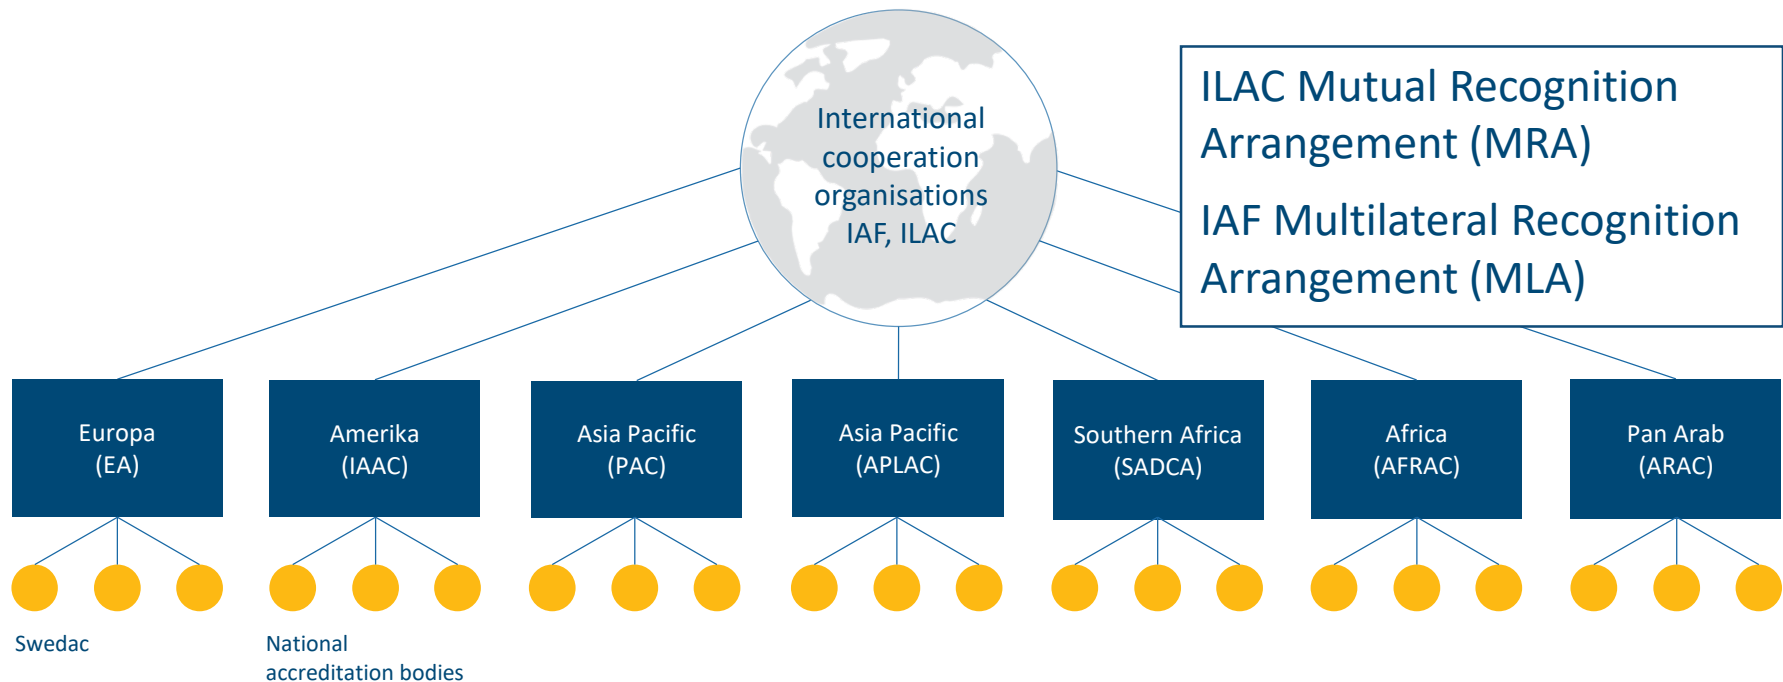

EU regulation no. 765/2008 *

- One accreditation body per Member State
- Accreditation bodies should not compete

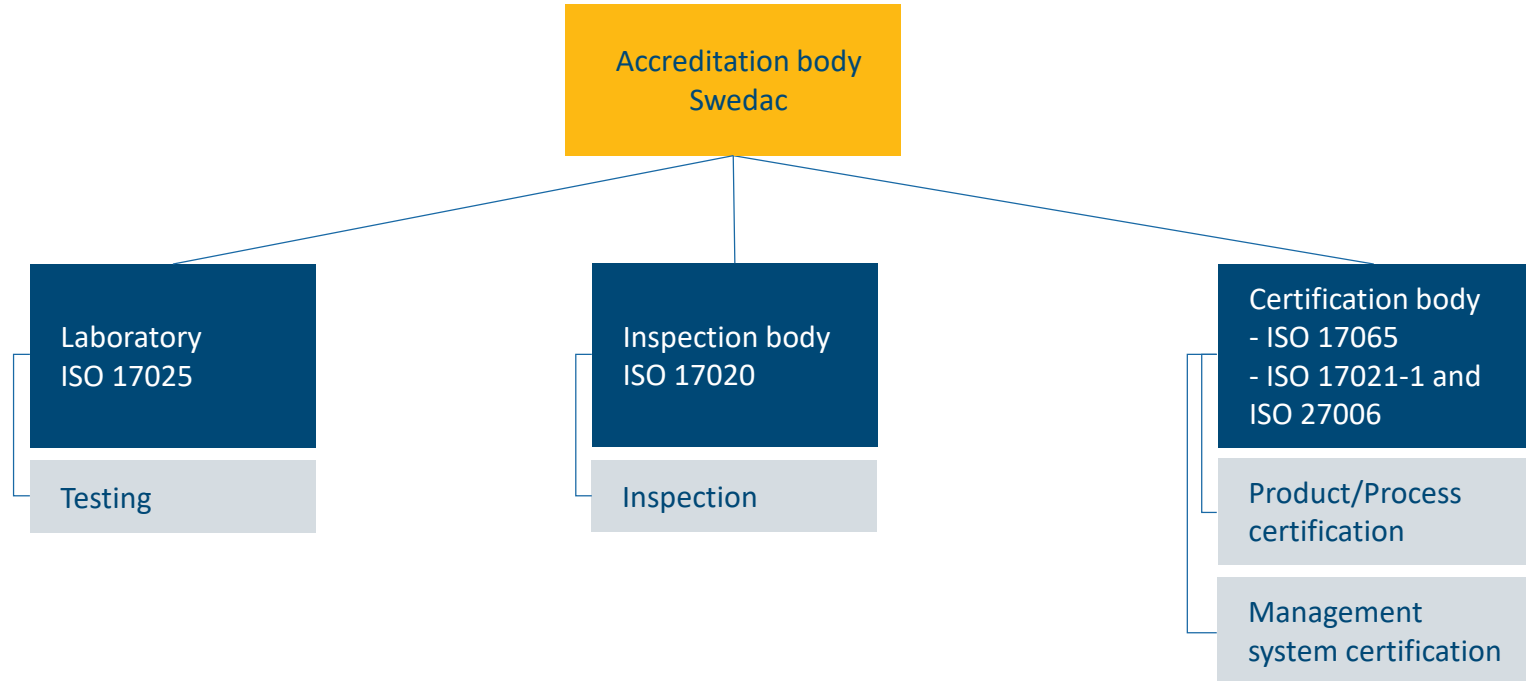

Swedish regulations

- Accreditation and Conformity Assessment Act (2011:791)
- Regulation on Market Surveillance (2014:1039)

* See Gambling Act (2018:1138) 16:3

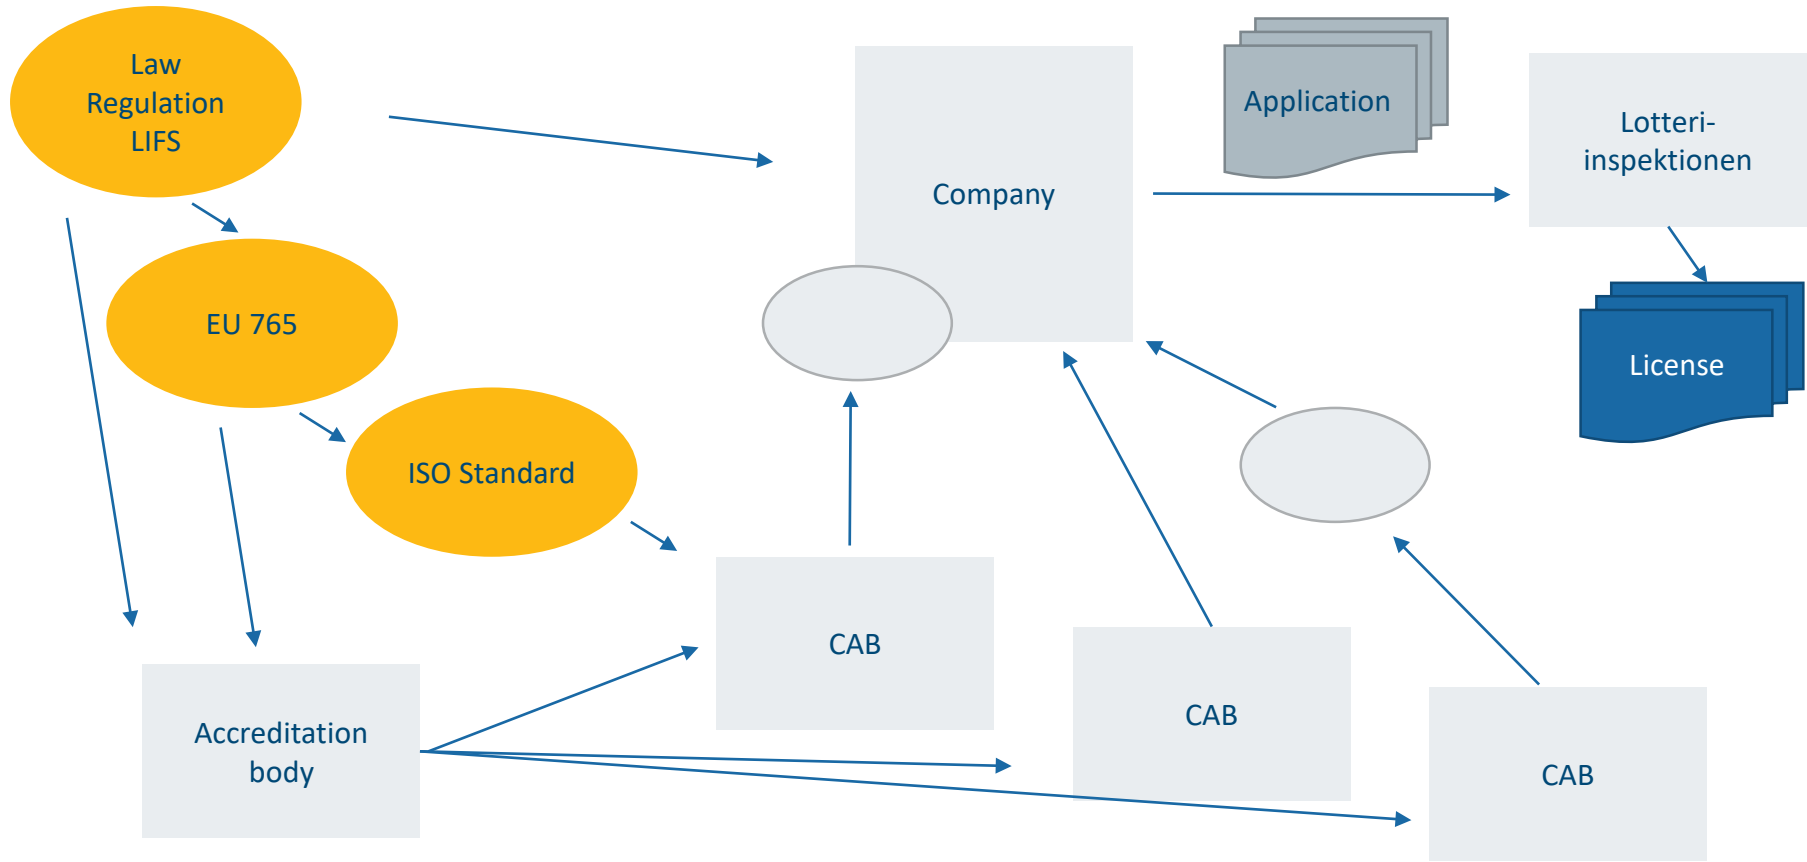

IAF = International Accreditation Forum, ILAC = International Laboratory Accreditation Cooperation, EA = European co-operation for Accreditation, IAAC = The Inter-American Accreditation Cooperation, PAC = Asia Pacific Accreditation Cooperation, APLAC = Asia Pacific Laboratory Accreditation Cooperation, SADCA = Southern African Development Community Accreditation, AFRAC = African Accreditation Cooperation, ARAC = Arab Accreditation Cooperation

Accredited organisation = Conformity assessment bodies (CAB)

Scope: according LIFS 2018:8

How to find accredited organisation

Accredited organisation = Conformity assessment bodies (laboratory, inspection body, certification body)

- In Sweden (www.swedac.se)
- In Europe (<http://www.european-accreditation.org/>)
 - National accreditation bodies register
- Outside Europe
 - Contact national accreditation body for information and also get confirmation that they have signed relevant MRA or MLA

- No complete list will be available

The Gambling company

applicant for license/license holder

- Need to define and classify information assets in a list
- Need to confirm that they fulfil all technical requirement
- Need to have reports/certificate from relevant accredited conformity assessment bodies that supports the confirmation

- Need to use conformity assessment bodies (laboratory, inspection bodies, certification bodies) that have there **scope** according **LIFS** (Lotterinspektionens regulation) and have been accredited according to the gambling law

Laboratory, Inspection body, Certification body

- Apply for accreditation according to relevant standard and scope according to LIFS from there national accreditation body (within MLA/MRA):
 - ISO 17020 Inspection
 - ISO 17021-1 and ISO 27006 Management system certification
 - ISO 17025 Testing
 - ISO 17065 Product/process certification

- Show that they have relevant competence through assessment by the accreditation body

- Get new/updated accreditation decision including **LIFS requirement in the scope**

- Provide services (testing/inspection/certification) to the gambling company

Guideline for LIFS 2018:8 and 2018:4 appendix 1

- Chapter and use of conformity assessment standard
- Alternative A or B
- The output from the conformity assessment body to be used by the gambling company
- Scope for accreditation
